

Trash service would be \$20 per month but if anyone that is military, first responder or 55 or older the cost would be \$18 per month. With the service we would supply you with a 96-gallon wheeled container but if you have your own container, extra bags boxes or small items you can place those next to the container and we will pick that all up at no additional charge.

Recycle service is \$12 per month and we would supply a 96-gallon container for that service. We do recycle all items, and they can be comingled in the container.

Should you choose to pay annually, please take an extra 5% discount as well.

All containers would be new and dark brown in color. Our trucks are smaller than many of our competitors causing less disruption during pick up and less wear and tear on roadways.

Pricing is fixed for 3-years. If you should have any further questions, please feel free to give me a call.

If you would like to send this out to the neighbors, we would love to have you all as customers. Please let us know if you need anything else.

Tammy
